Event Description:

This community townhall, hosted by Fort Bend County Precinct 2 Commissioner Grady Prestage in partnership with Emergency Services District (ESD) officials and the Fort Bend County Sheriff's Office, is designed to provide residents with clear, factual information about County Assistance District #3.

The purpose of the event is to educate the public on what CADs are, how they function, and what their potential impact could be for local services, including fire protection, public safety, and infrastructure. Attendees will have an opportunity to hear directly from county officials, ask questions, and better understand the upcoming ballot proposition related to CAD #3.

We encourage all residents of the affected areas to attend, ask questions, and stay informed about what's being proposed in your community.
