PRESS RELEASE

Fort Bend County Offices to Remain Closed Due to Impact of Hurricane Beryl, Power Outages, and Connectivity Concerns

(FORT BEND, TX) - Due to power outages affecting several county buildings following the impact of Hurricane Beryl, widespread power outages, and connectivity issues, Fort Bend County offices will be closed on Tuesday, July 9. Our primary concern is the safety and well-being of our employees and the public as we work to restore normal operations.

We hope you are safe, and we appreciate your understanding and patience during this time. We will provide updates on the County reopening as soon as more information becomes available.
